Whitepaper

Abstract

FighterCat is a community-driven cryptocurrency project with a mission to improve the lives of animals around the world. This whitepaper outlines the project's goals, tokenomics, roadmap and the innovative ways it plans to leverage blockchain technology to benefit animals.

1. Introduction

FighterCat is more than just a meme token. It's a passionate community united by love for animals and a desire to make a positive impact. The project leverages the power of blockchain technology to create a sustainable ecosystem that benefits both animal welfare and token holders.

1.1. The FighterCat Community

FighterCat fosters a vibrant online community on platforms like (Twitter, Telegram, etc.). This community serves as the foundation for the project's success, driving awareness, engagement and charitable giving.

2. Tokenomics

The FighterCat supply is 1 billion tokens, with a clear allocation breakdown:

- **Liquidity Pool** – 14% (140,000,000 tokens)

- **Seed Round** – 5% (50,000,000 tokens)

- **Private Round** – 10% (100,000,000 tokens)

- **IDO** – 5% (50,000,000 tokens)

- **Airdrop** – 1% (10,000,000 tokens)
  ✅ 6,000,000 tokens have already been distributed among 600 participants, and the remaining 4,000,000 tokens will be raffled off in the near future.

- **Animals & App** – 30% (300,000,000 tokens)
  Includes the development of the smart collar.

🔒 50% (150,000,000 tokens) unlocked on 11/04/2027.

- **Marketing** – 20% (200,000,000 tokens)

- **Team** – 15% (150,000,000 tokens)
  🔒 50% (75,000,000 tokens) unlocked on 11/04/2026

Upon expiration, the tokens will be re-locked.

Increased Accessibility and Liquidity:

FighterCat token is committed to maximizing accessibility and liquidity for its token holders. We are thrilled to announce that FighterCat token will be listed on leading cryptocurrency exchanges. This strategic move will allow users to easily buy, sell, and trade FighterCat token on a wider range of platforms.

2.1. Mint & Freeze Authority Revoked

FighterCat mint function has been revoked, permanently stopping the creation of new tokens. This ensures a finite supply and prevents inflation, positively impacting token value.

2.2. AnalytixAudited Transparency

FighterCat prioritizes transparency and trust. The project has undergone a thorough audit by Analytix to ensure the security and integrity of the smart contract.

3. Our Mission: Beyond the Meme

FighterCat is more than just a meme token—it is a mission-driven community dedicated to transforming animal protection. By leveraging blockchain technology, we strive to enhance transparency, efficiency, and accessibility in charitable donations, ensuring that every contribution directly benefits animals in need.

3.1. Quarterly Donations

A portion of our profits will be donated to animal shelters and other organizations dedicated to helping animals.

All supported organizations will be carefully vetted to ensure funds are used effectively.

Regular donation reports will be published on our platform, allowing you to track how your contributions are making a difference.

3.2. Shelter Support

FighterCat is committed to supporting animal shelters through:

- Organizing volunteer events.

- Assisting with fundraising efforts.

- Raising awareness about adoptable pets.

- Providing shelters with marketing and promotional resources.

3.3. Innovative Solutions

We aim to develop a user-friendly mobile application that brings key features together in one place, integrating blockchain technology for transparency and security, along with innovative solutions to enhance the user experience.

- **Easy Donations**
  Make charitable contributions with just a few taps and gain full transparency on fund allocation.

- **GPS Tracking for Lost Pets**
  Integration with smart collar will help pet owners locate lost animals more quickly.

- **Health & Mood Monitoring**
  Connecting to your pet's smart collar will allow you to receive real-time data on activity levels, stress, and overall well-being.

- **Community of Animal Lovers**
  Communicate, coordinate volunteer efforts, and organize charitable events - all directly through the app.

By consolidating these features into a single application, we hope to simplify interaction between pet owners and animal protection organizations, empowering

them to act and help anytime, anywhere.

4. Roadmap

FighterCat has a clear roadmap outlining its development trajectory:

- **Crowdfunding Launch**
  We plan to raise initial capital through a reputable crowdfunding campaign to fund the FighterCat token launch, ensure liquidity, and support development.

- **Community Building**
  Active social media engagement to build a strong and vibrant community.

- **Launching FighterCat Token**
  Successful token launch on our first decentralized exchange (DEX).

- **Listings**
  Expanding FighterCat's reach and liquidity through additional listings on other leading exchanges, including both decentralized (DEX) and centralized (CEX) platforms.

- **Innovative Solutions**
  We will develop technology to simplify pet care. Our app will integrate donations, GPS tracking, and real-time health monitoring via a smart collar— plus many other features.

5. Conclusion

FighterCat offers a compelling combination of community, charity and innovation. By harnessing the power of blockchain technology, the project aims to create a win-win situation for both animal welfare and token holders. Join the FighterCats community and be a part of making a positive difference for animals around the world.
